## **Information Systems Policy and Procedures**

The information systems—including computers, network accounts, microcomputers, printers, networks, software, electronic mail, video, telephones, long distance, and voicemail accounts—at Adelphi are provided for the purpose of enhancing the mission of scholarship, research, and education. All students, faculty, and staff who are provided access to these systems are responsible for seeing that these information systems are used in an effective, efficient, ethical, and lawful manner. The use of information systems is a privilege, not a right, which may be revoked at any time for misuse, including but not limited to violation of the policy and procedures contained herein. Adelphi University reserves the right for authorized personnel to access and examine the contents of its information systems for business and/or security reasons. The following policies relate to information system use and the University reserves the right to modify this policy at any time. This Acceptable Use policy is also available
